

PROVIDED BY SAINT VINCENT HOSPITAL

Hip Pain – Relief and Treatment Options

Including the new Anterior Hip Approach

Thursday, February 23 • 6 pm
In the Atrium at Saint Vincent Hospital
123 Summer Street, Worcester, MA

Hip pain can make everyday tasks, like getting in and out of a car or walking up a flight of stairs, almost impossible. Affecting all ages, hip pain can be caused by injuries to the hip joints or muscles, or by conditions like tendonitis, bursitis, or osteoarthritis.

Before you seek treatment for your hip pain or start an exercise program, come hear orthopedic surgeon Dr. Christopher Vinton explore the latest treatment options from non-operative to operative, including hip arthroscopy, anterior hip replacement, and traditional hip replacement.

This is a free program, but registration is required.

To register, please call 1-877-554-3258.

Light refreshments will be served.

Validated garage parking

After graduating magna cum laude from the College of the Holy Cross with a BA in Biology, **Christopher Vinton, MD**, earned his medical degree from Dartmouth Medical School with honors. He returned to Worcester for his Orthopedic residency at UMass Memorial Medical Center. He completed the Harvard Medical School Sports Medicine fellowship at Brigham and Women's Hospital before joining Worcester County Orthopedics. While attending Holy Cross, Dr. Vinton played football for the Crusaders and now serves as a team physician for Holy Cross athletics.
