

St. Vincent's Hospital
123 Summer Street
Worcester, MA

Dear Administrative Team:

I am taking the time during my recovery to write this letter to say thank you for the care I received during my recent hospitalization at St. Vincent's Hospital. People often ask me you can go to any hospital, why do you choose to go to St. Vincent's?

I always give them the true answer, which is, the care I receive at St. Vincent's is second to none. We have the best team here at St. Vincent's hospital! Why would I go anywhere else!!!

I hope the administrative team realizes the quality of the employees they have at hand. I would like to make sure the following people responsible for my care, are recognized: Admitting Suite 310, Day Surgery Suite 240, the anesthesia team, and the surgical team, Level 2 OR, the RN and nursing staff in charge of my care after surgery on 21 South all shifts, the discharge PA, the robotic team of Dr. Ayvasian and Dr. Caswell. This team is a great addition to the hospital.

All the folks that I have listed above are in the medical care system for all the right reasons, great patient care, care from the heart!

Thanks again for the care I received while I was at St. Vincent's Hospital. Great job and I appreciate it!!!!

Your friend always,
