

PATIENT VISITOR GUIDELINE

Isolation Patients: Additional Precautions

Effective 6-11-20

- Wear your mask at all times
- Visitation limited to one visitor per patient per day
 - Visit limited to 30 minutes
- Check-in at the nurse's station
 - Staff will inform you of additional precautions
 - You will need to wear a gown and gloves to protect you and your clothing
 - Gown and gloves need to be taken off as you leave the room
 - Sanitize your hands before and after putting on/taking off gown and gloves
 - Maintain a distance of 6 feet from your loved one (patient) at all times
 - While in the room, both you and your loved one (patient) must wear masks for the duration of the visit.
 - Staff will assist with disposal of gown and gloves
